

MAAG Material Tracking system

Minutes of Meeting

10–January-2025 | **Project Follow Up**

Participants: [Dey Sourav](#), [Ranjitha TS](#).

Topics Discussed: -

- Demonstration of Part Number Print QR Code: The current QR code and text size of **2.4 inches by 2.4 inches** was demonstrated, and its functionality was confirmed to be working as expected.
- To enhance the visual quality of printed QR codes, it was proposed to slightly increase the size for better readability and appearance.
- These modifications should be applied consistently to all instances of QR code printing throughout the application.
